APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to t
following limitations and conditions:
This permit is issued subject to existing rights and is further
subject to revocation when water is available from the Las Vegas
Valley Water District, and is limited to what the well will produce
but not to exceed 6.0 c.f.s. A meter must be installed in the dis-
charge pipe line, near the point of diversion, and accurate measure-
ments must be kept of water placed to beneficial use. It is under-
stood that this right must allow for a reasonable lowering of the
static water level. This source is located within an area designate
by the State Engineer pursuant to NRS 534.030; therefore, the State
retains the right to regulate the use of the water herein granted at
any and all times.
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, as
not to exceed 6.0 cubic feet per second
